Paine's Celery Compound renders a vigorous old age possible. It keeps the nervous system in a normal condition of health; it keeps the digestive organs in perfect condition; it keeps bers, as well as muscle fibres and other tissues; it keeps the nerve force strong; it aids digestion; it makes rich, pure blood and gives strength and health to those in whom the energies of the human body have begun

William P. Snowden and his family were the first white settlers of the town that is now the city of Omaha. He has had along and eventful life. His trade was that of a brickmaker. He fought with the army of the North from 1861 to 1864. He had previously seen service in the Mexican War in the forties. He has held many local offices of trust and there is no better known man in Nebraska today, "It gives me great pleasure," he

wrote in a letter on Oct. 11 last, "to attest the good qualities of Paine's Celery Compound. I have used it for years, and it has never failed to help me. While I am perhaps, the oldest resident of this city, I am in good health. I have never found it necessary to take any other medicine."

Nothing has ever approached Paine's Celery Compound in its power of building up weakened nerve tissues and giving strength to the tired body. In severe cases of persistent headaches, dyspepsia, neuralgia and sleeplessness, due to nervous feebleness, Paine's Celery Compound has a record of rapid and lasting cures that embraces every city and town in the wide sweep of the United States. Mrs. Emyle Hyde Grinnell, at the ge of 99 years, writes to the proprietors of Paine's Celery Compound.

"I can recommend Paine's Celery Compound to every one. It has been my health preserver during the last few years. Few women, even though much younger than I, enjoy as good health, for my appetite is natural, my sleep refreshing, and I can walk quite the liver and kidneys active and in a distance without feeling tired. MRS. HUNTINGTON'S HONESTY.

NEW YORK, Feb. 27.-Mrs. Arabella D. Huntington, widow of Collis P. Huntington, has paid \$31,800 in cash as customs duty. Officials who frequently have to haggle with women over the tribute to Uncle Sam declared that she was a paragon of travellers.

Mrs. Huntington, who returned from a trip to Europe on the Oceanic with her son, Archer Huntington, and Mrs. Archer Huntington, staggered the young man who, as acting deputy collector asked her to make a declaration of her purchases abroad.

It was on board the steamer coming up the bay. Young Huntington had the list carefully prepared. The sum total of his mother's purchases abroad was \$75,000, the largest amount ever declared by a traveler in the port of New York and probably in the world.

The duty was the largest ever paid. There was a score of large flat trunks containing rich gowns bought in Paris, London and Berlin. Most of the tax paid by Mrs. Huntington was 60 per cent on made-up gowns of linen, silk and woolen. There was a large amount of jewelry and precious stones on which she paid 60 per cent. On a lot of perfumery 60 per cent ad valorem was paid. Her rugs were taxed at 10 cents per square foot and 40 per cent on their value.
